

Facilities Expansion/Sale of 18 Acres and Fellowship Hall Monthly Report

Management Team

2/15/18

FBCATV Family:

The following update is provided from our Facilities Expansion Team via our church's Management Team.

FELLOWSHIP HALL PROGRESSION

The Villages AAC is continuing the process of rezoning the 18 acres and Fellowship Hall to have it annexed and placed under the AAC governmental authority. The process is incremental and methodical. There are no negative issues involved in the process, just the necessary incremental steps toward full and final approval for annexation, then the actual sale of the building and acreage. Again, this allows us to have an extended time for use of the Fellowship Hall for ministry needs.

FACILITIES EXPANSION TEAM REPORT

The Facilities Expansion Team continues to meet weekly in the process of developing plans for repurposing existing space, plus additional space for fellowship, discipleship, music worship, library, adult classrooms, children's ministry needs, Welcome Center improvements and baptistry. Specifically, both the Facilities Expansion Team and ministerial staff have met with architect Andrew Copeland to review presumed needs in each of the areas noted. Anticipated design and square footage details have been shared. The Team is maintaining continual dialogue with Mr. Copeland as plans are developed for review and approval. The priority of prayer for the Facilities Expansion Team remains in place as the Lord continues leading our church family on course toward appropriate facilities for reaching out to The Villages and surrounding communities with the Gospel.
